Dear [Redacted]

25X1

LR
We have received your Progress Report dated April 3, 1957 together with Annex "A" dated June 1, 1957 and have reviewed them with interest. On pages 5 and 6 of the Progress Report you outline your plans as of early April for the 22 liter generator and for several laboratory investigations. Could you briefly report the results of your work since April and suggest an appropriate time for another visit.

Sincerely yours,

25X1
